## DETAILED ACTION

### ***Claim Rejections - 35 USC § 112***

1. Claims 1-6, 9-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, it is unclear how the plurality of individual items is received in the hold. The applicant does not claim structure to support the hole of the planar base ability to receive the plurality individual items. It appears as if the items are only able to be received in the hold when the planar base is secured to support structure such as a refrigerator.

### ***Claim Rejections - 35 USC § 103***

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 16, 17, and 21 are rejected under 35 U.S.C. 103(a) as being unpatentable over Terrones, U. S. Patent 3,769,720 in view of Clark, U. S. Patent 2,599,047. Terrones teaches board 11 and a plurality of magnetic pieces 12 magnetically adhered to the board. Each magnetic piece has pictorial information imprinted thereon. Clark teaches magnetic symbol comprising indicia that can be printed, embossed or engraved (recessed) indicia. (See column 1, lines 44-49). It would have been obvious to one having ordinary skill in the art at the time this invention was

made to construct the magnetic pieces taught by Terrones with the indicia engraved therein as taught by Clark to enhance the aesthetic appearance of the pieces.

***Allowable Subject Matter***

4. Claims 2-6, and 9-15 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
5. Claims 19 and 20 are allowed.

***Conclusion***

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
